

FT1902 Received 15th of April and response 25th of April

Key words: Community Care Act Court Cases

1) How many people have City of York Council (COYC) taken to Court since the introduction of The Community Care Act 1990 was introduced to take control of assets (such as a property) that they believe were sold, transferred or placed in trust as a deliberate act of deprivation to avoid that asset being used to fund long-term care and how many cases have been won and lost.

No cases have been taken to court.

2) What was the approximate value of money/assets COYC received from individuals/families last year to support themselves or a relative residing long-term care under the authorities full scope (i.e. ALL residential care homes under the COYC's catchment area, not just the ones owned and operated by COYC)

£7.1m
