

# Independent auditor's report to the members of City of York Council

## Report on the audit of the financial statements

### Opinion on the financial statements

We have audited the financial statements of City of York Council ("the Council") for the year ended 31 March 2025, which comprise the Comprehensive Income and Expenditure Statement, the Movement in Reserves Statement, the Balance Sheet, the Cash Flow Statement, the Housing Revenue Account, the Collection Fund and notes to the financial statements, including material accounting policy information.

The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the Council as at 31st March 2025 and of its expenditure and income for the year then ended; and
- have been properly prepared in accordance with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25.

### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We are independent of the Council in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the Director of Finance's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, and taking into account the requirements of the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Council's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Director of Finance with respect to going concern are described in the relevant sections of this report.

### Other information

The other information comprises the information included in the Statement of Accounts, other than the financial statements and our auditor's report thereon. The Director of Finance is responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required

to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

### **Responsibilities of the Director of Finance for the financial statements**

As explained more fully in the Statement of the Director of Finance's Responsibilities, the Director of Finance is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25, and for being satisfied that they give a true and fair view. The Director of Finance is also responsible for such internal control as the Director of Finance determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

The Director of Finance is required to comply with the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom 2024/25 and prepare the financial statements on a going concern basis on the assumption that the functions of the Council will continue in operational existence for the foreseeable future. The Director of Finance is responsible for assessing each year whether or not it is appropriate for the Council to prepare its accounts on the going concern basis and disclosing, as applicable, matters related to going concern.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud.

Based on our understanding of the Council, we considered that non-compliance with the following laws and regulations might have a material effect on the financial statements: health and safety and equality legislation.

To help us identify instances of non-compliance with these laws and regulations, and in identifying and assessing the risks of material misstatement in respect to non-compliance, our procedures included, but were not limited to:

- gaining an understanding of the legal and regulatory framework applicable to the Council, the environment in which it operates, and the structure of the Council, and considering the risk of acts by the Council which were contrary to the applicable laws and regulations, including fraud;
- inquiring with management and the Audit and Governance Committee, as to whether the Council is in compliance with laws and regulations, and discussing their policies and procedures regarding compliance with laws and regulations;
- inspecting correspondence, if any, with relevant licensing or regulatory authorities;
- reviewing relevant meeting minutes in the year;
- communicating identified laws and regulations throughout our engagement team and remaining alert to any indications of non-compliance throughout our audit; and
- considering the risk of acts by the Council which were contrary to applicable laws and regulations, including fraud.

We also considered those laws and regulations that have a direct effect on the preparation of the financial statements, such as the Local Government Act 2003 (and associated regulations made under section 21), the Local Government Finance Acts of 1988, 1992 and 2012, the Accounts and Audit Regulations 2015 and the Local Government and Housing Act 1989.

In addition, we evaluated the Director of Finance's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls) and determined that the principal risks were related to posting manual journal entries to manipulate financial performance, management bias through judgements and assumptions in significant accounting estimates, in particular in relation to property and pension asset/liability valuations and significant one-off or unusual transactions.

Our audit procedures in relation to fraud included but were not limited to:

- making enquiries of management, Internal Audit and the Audit and Governance Committee on whether they had knowledge of any actual, suspected or alleged fraud;
- gaining an understanding of the internal controls established to mitigate risks related to fraud;
- discussing amongst the engagement team the risks of fraud; and
- addressing the risks of fraud through management override of controls by performing journal entry testing.

There are inherent limitations in the audit procedures described above and the primary responsibility for the prevention and detection of irregularities including fraud, rests with both management and the Audit and Governance Committee.

As with any audit, there remained a risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.

We are also required to conclude on whether the Director of Finance's use of the going concern basis of accounting in the preparation of the financial statements is appropriate. We performed our work in accordance with Practice Note 10: Audit of financial statements and regularity of public sector bodies in the United Kingdom, (Revised 2024) and Supplementary Guidance Note 01, issued by the National Audit Office in November 2024.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

## **Report on the Council's arrangements for securing economy, efficiency, and effectiveness in its use of resources**

### **Matter on which we are required to report by exception**

We are required to report to you if, in our opinion, we are not satisfied that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2025.

On the basis of our work, having regard to the guidance issued by the Comptroller and Auditor General in November 2024, we have identified the following significant weakness in the Council's arrangements for the year ended 31 March 2025:

<b>Significant weakness in arrangements</b>	<b>Recommendation</b>
---	-----------------------

The York Station Gateway has experienced significant overspends and delays. An internal audit review in 2024–25 highlighted major weaknesses in project and contract management.

A subsequent lessons-learned review identified wider shortcomings in the management of major capital projects. The scale of the overspend, associated reputational risks, and delays in reporting collectively point to significant weaknesses in the Council's governance, particularly around budgetary control and the provision of timely, accurate management information.

The Council should continue to implement the actions identified through the review of lessons learned and the Internal Audit review to strengthen the project management, governance and scrutiny arrangements in place for major contracts. This will ensure that potential project overspends and/or overruns are identified and reported at the earliest opportunity and ensure emerging risks to project delivery can be mitigated effectively.

## **Responsibilities of the Accounting Officer**

The Council is responsible for putting in place proper arrangements to secure economy, efficiency and effectiveness in the Council's use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

## **Auditor's responsibilities for the review of arrangements for securing economy, efficiency and effectiveness in the use of resources**

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to satisfy ourselves that the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources, and to report where we have not been able to satisfy ourselves that it has done so. We are not required to consider, nor have we considered, whether all aspects of the Council's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We have undertaken our work in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in November 2024.

## **Matters on which we are required to report by exception under the Code of Audit Practice**

We are required by the Code of Audit Practice to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014;
- we make a recommendation under section 24 of the Local Audit and Accountability Act 2014; or
- we exercise any other special powers of the auditor under sections 28, 29 or 31 of the Local Audit and Accountability Act 2014.

We have nothing to report in these respects.

## **Use of the audit report**

This report is made solely to the members of City of York Council, as a body, in accordance with part 5 of the Local Audit and Accountability Act 2014 and the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the members of the Council those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the members of the Council, as a body, for our audit work, for this report, or for the opinions we have formed.

## Delay in certification of completion of the audit

We cannot formally conclude the audit and issue an audit certificate until we have:

- received confirmation from the NAO that the group audit of the Whole of Government Account has been completed and that no further work is required to be completed by us; and
- completed our work on objections raised in relation to the Council's financial statements for the year ended 31 March 2025.
