

Permanent Residential Care Financial Assessment Calculation Example 1

Elsie has had care at home for a number of years. She is finding it increasingly difficult to maintain her independence. Elsie decides she wants to live in a care home. She is assessed and meets the criteria. Elsie lives in rented accommodation and has savings under £23250.

This is Elsie's financial assessment for residential care.

Weekly Income	£	£
State Pension	72.40	
Pension Credit	86.95	
		<u>159.35</u>
 Capital		
Post Office Account	<u>442.00</u>	
 less		
Personal Expenditure Allowance		-24.90
 Assessed Care Contribution		<u>134.45</u>

Elsie receives Attendance Allowance. For the first 28 days, her Attendance Allowance of £83.10 is included in the assessment. For the first 28 days her contribution is £217.50. Elsie stops being paid Attendance Allowance after 28 days.
