- Chrome (versions 32+)

Logging into your CYC web recruitment account

Once you have clicked to apply online, you will be taken to a login screen for the recruiting system. The way you log in will vary depending on whether you are a new user, existing user or a CYC employee.

New users

New users need to create a user name and password. Click 'New user registration'.

- Do not include accents or symbols (other than a hyphen for double barrelled names) as these cannot be recognised by the system and will corrupt your account and any applications submitted.

- Your user name must be at least six characters long. Your password must contain at least eight characters. It is advisable that you use a combination of alpha, numerical and upper and lower case characters.

- Once you have registered, a confirmation email containing your details will be forwarded to the email address you supplied. Please keep this safe.

- In future, use these details to access your recruitment account, as an existing user.

- If you are a CYC employee see 'CYC employees' below for how to register.

Existing users

Existing users can login with the details used previously when registering/applying.

Please enter your User name and password. If you have forgotten your password please use the link below. If you are a new user, select the New user registration link.

- Any changes made to personal details, qualifications and equal opportunities monitoring information when making an online application will automatically update your personal record to reflect the change if you have logged in using your CYC login.

- **You should not under any circumstances allow anyone else to use your login details to apply for jobs as this may cause your own details on the iTrent HR/ Payroll system to be compromised.**

Forgotten user name/ password and deactivated account

Page Five: Supporting information
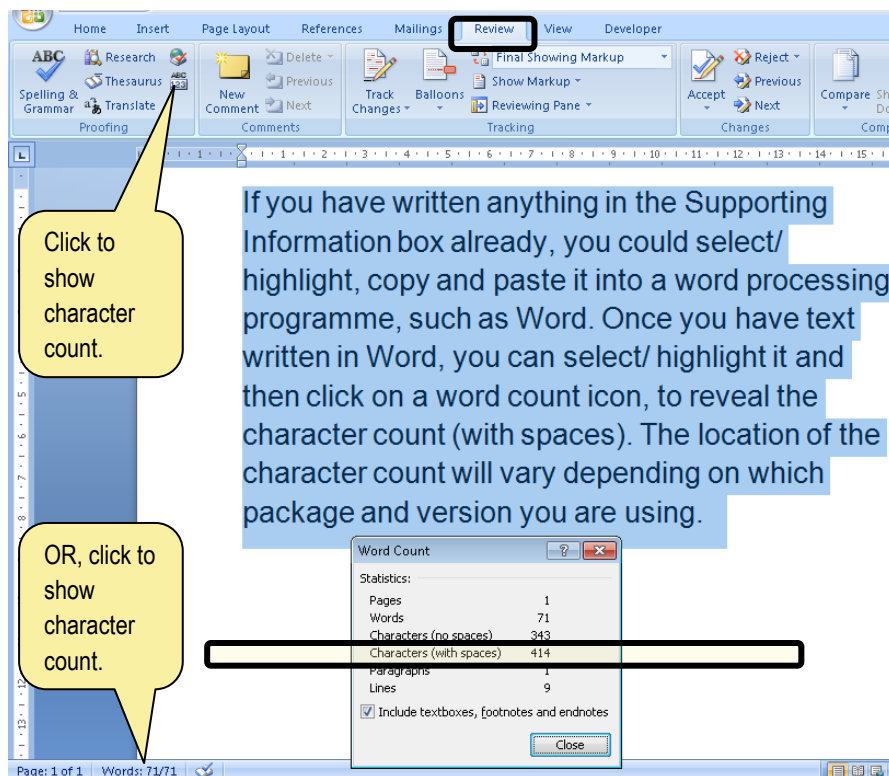

The statement box in this section is your chance to really explain why you'd suit the role which you are applying for, whilst addressing the 'knowledge and skills' section in the job description.

The supporting information text should be no longer than 6,000 characters (with spaces) which is approximately one side of A4 pages of text (depending on font size). Unfortunately, we can not provide you with an online character counter.

Remember to frequently 'save' as the form will 'time out' 60 minutes after it was last saved or logged in. Any unsaved work will be lost.

We suggest that you write your statement in a word processing application, such as Word, where it will be easier for you to read your statement and to edit it for any mistakes.

You will usually find a character count in such word processing software, as exampled below (in Word 2007).

When you are happy with your statement you can copy and paste the text into the statement box and then save it.
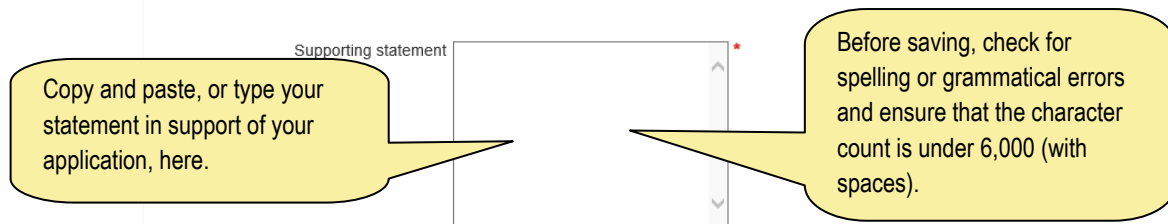

There is no facility to attach additional documents to your application so all information you feel relevant must be put within this section.

This maximum length of this statement is restricted to 6000 characters (including spaces) which is approximately one A4 page of text.

Supporting statement

Copy and paste, or type your statement in support of your application, here.

Before saving, check for spelling or grammatical errors and ensure that the character count is under 6,000 (with spaces).

This is the only place on the application form to demonstrate how your experience and skills suit the role, to tell us why you would like the job and how you meet the values of the Council. Additional documents or CV's will not be accepted.

In your statement, as well as providing any additional information about you which you feel is relevant to the role, please ensure that you have:

- Provided information, examples and evidence to illustrate how you meet each of the 'knowledge and skills' criteria in the job description and can meet the values of our council.. You should refer to any relevant experience acquired inside work and if appropriate, outside of work, (e.g. community, voluntary or leisure interests).

  To be selected for interview you must demonstrate that you meet these criteria to a greater relevance and/or depth than others.

- Evidenced your suitability, beyond making simple statements.

  For example, if the job description requires that you are "highly motivated with excellent communication and numeracy skills", simply saying "I am highly motivated with excellent communication and numeracy skills", will not be sufficient. You must include descriptions and examples from your experience (in and/ or out of work), which illustrate you having and using these skills.

- Clicked save before leaving the page.

Apprentice applicants should also see section 7 of this guidance below.

Page Six: References

It is important that you give details for valid referees otherwise there may be a delay in confirming your appointment, should you be successful.

Please ensure that you provide the full details for two people who can comment on your suitability for the post. These people should be:

1. Your present employer or, if you are not currently employed your last employer; AND

2. Your former employer i.e. your employer prior to your present or last employer; OR

3. If you haven't been employed before or you have only one former employer, you may use, if they consent, the details of:

   a. Your current or former teacher, lecturer or tutor

   b. Some other person of a 'profession' who can comment on your suitability for the role eg policeman, doctor, solicitor etc.

You **cannot use a family member or a friend** as a referee. This applies even if you work for a family member.

All referees must be over 18 years old.

Please seek an alternative referee if you cannot comply with the above requirements. Contact us if you are unsure.

The City of York Council will take up references for the successful candidate on conditional offer of appointment however for some roles

involving working with children, young people or vulnerable adults we may ask for references if you are invited for interview.

Confirmation of the offer of employment will be subject to satisfactory pre employment checks including references.

Page Seven: Equal opportunities and sensitive information

We are required by law to request certain personal data from applicants and employees, so that we can monitor and enforce our commitment to equal opportunities in employment.

The City of York Council is committed to equality and aims to ensure that everyone who works for us is treated fairly and is not subjected to unlawful discrimination on grounds of their sex, age, race, ethnic or national origins, marriage or civil partnership, pregnancy and maternity, gender reassignment, sexual orientation, religion or belief, family responsibility, disability or political beliefs. Applications are welcome from all sections of the community.

Using the date and drop down boxes, please complete the Equal Opportunities section in full. This is a mandatory section, however, in each category (except Nationality and Carer) there are "prefer not to say" or "unspecified" options, which you can use if you would prefer not to provide this information.

> This section of the form is confidential and for monitoring purposes only. It will not be used as part of the selection process or disclosed to the recruitment panel.

6. Apprenticeship applications

Eligibility to apply for an apprenticeship

Apprenticeship are open to applicants of any age, however, to be eligible to apply for an apprenticeship with us you must meet the eligibility criteria of holding the relevant citizenship.

We can only accept applications from those who do not already hold qualifications at the same or higher level in the same area of work.

Supplementary questions

In addition to the standard application questions, applicants applying for apprenticeship posts are also asked on 'Page six: Supporting information' to answer two supplementary questions, as shown below:

Please tell us about a time when you have felt especially proud of yourself, how it made you feel and what you have learned from the experience. (Max 250 words).

(This doesn't have to be ground-breaking, it might be the first time you tried something new or a time you went out of your way to help someone. We want to try and understand more about what's important to you).

Supplementary Question 1 [   ] *

What skills would you like to improve during this apprenticeship? (Max 100 words).

(You should think about what your main duties would be and whether there are skills you'd like to develop).

Supplementary Question 2 [   ] *

If you are applying for an apprenticeship you should pay close attention to the questions and use the guidance under the questions to help shape your answers.

Remember to evidence your answers beyond simple statements and note the word limits of each answer box (shown in brackets).

Like the 'supporting information' text box, if you choose to type directly into the supplementary boxes and then 'save' whilst over the word counts, any surplus text will be irretrievably deleted. Consider drafting and saving your answers elsewhere first.

Remember to frequently 'save' as the form will 'time out' 60 minutes after it was last saved or logged in. Any unsaved work will be lost.
