Section 4 - Feedback .....	14

## Introduction

1. Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary of State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.30 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters. Paragraphs 6 and 3.30 of the Code require that each local authority publish its report locally.
2. **This year's report must cover the 2022/2023 academic year and be submitted to the Office of the Schools Adjudicator (OSA) by 31 October 2023.**
3. Please note that, in response to feedback on the draft template, changes have been made to section 2C of this template.
4. Please also note that the OSA and Department for Education are planning a small project to ensure that the report is as useful as possible to local authorities, the OSA, DfE and others. As a result of this, there are likely to be changes made to the template for the 2023/2024 academic year.

## Guidance on completing the template

5. We have included all the guidance on completing specific parts of the template in this section. There is no requirement for local authorities to include the introduction and the guidance in their published reports, but they are free to do so if they wish.
6. We should be grateful if in completing questions which ask for information about primary and secondary schools and/or pupils, local authorities would follow the approach to classification of schools used in statutory provisions and in the Department for Education Statistical First Release<sup>1</sup> and the Education Middle School (England) Regulations 2002<sup>2</sup>.
7. Guidance on specific questions and/or meaning of specific terms in this report:
  - a. “in-year admissions”: This means admissions (that is children admitted to a school and not applications for places):
    - i. at the start of any school year to a year group which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school); and
    - ii. after the end of the statutory waiting list period (31 December) to a year group which is a normal year of admission for the schools concerned (such as Year R and Year 7).
  - b. Not applicable means at questions:
    - i. Section 1: B.i. - B.iv. that there were no children falling within the relevant definition.
    - ii. Section 2: Ai - iv that there were no children falling within the relevant definition.
    - iii. Section 2: B.i. that there were no children falling within the relevant definition.

---

<sup>1</sup> [Department for Education Statistical First Release](#)

<sup>2</sup> [The Education Middle School \(England\) Regulations 2002](#)

- iv. Section 2: C.v. that there were no children falling within the relevant definition.
- 8. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.
- 9. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

## Information requested

### Section 1 - Normal points of admission

#### A. Co-ordination

i. How well did co-ordination of the main admissions round work?	Not well	A large number of small problems or a major problem	Well, with few small problems	Very well
Reception				X
Year 7				X
Other relevant years of entry				X

ii. Please give examples to illustrate your answer if you wish:  
The processes work very well, particularly at the normal points of admission, based on the effective processes put in place within CYC, our experienced teams and also the positive relationships which we have with schools and MATs. However, we are experiencing significant pupil pressures as a result of increased migration into the city and a Contingency Hotel in the city.

#### B. Looked after and previously looked after children

- i. How does the admissions system in your local authority area serve the interests of looked after children at **normal points of admission**?

Not at all  Not well  Well  Very well  Not applicable

- ii. How do the admissions systems in other local authority areas serve the interests of children looked after by your local authority at **normal points of admission**?

Not at all  Not well  Well  Very well  Not applicable

iii. How does your admissions system serve the interests of children who are looked after by other local authorities but educated in your area **at normal points of admission**?

Not at all  Not well  Well  Very well  Not applicable

iv. How does the admissions system in your local authority area serve the interests of previously looked after children at **normal points of admission**?

Not at all  Not well  Well  Very well  Not applicable

v. If you wish, please give examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

### **C. Special educational needs and/or disabilities**

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission

Sufficiency pressures from nursery – reception into special school. This creates pressures and challenges for mainstream settings to provide for children with complex and high level needs. Sufficiency pressures are present in Y6 to Y7 but not in the levels seen in early years.

## Section 2 - In-year admissions

### A. Looked after children and previously looked after children

- i. How does the **in-year admission** system serve children who are looked after by your local authority and who are being educated in your area?

Not at all  Not well  Well  Very well  Not applicable

- ii. How does the **in-year admission** systems in other local authority areas serve the interests of your looked after children?

Not at all  Not well  Well  Very well  Not applicable

- iii. How does the **in-year admission** system serve the interests of children who are looked after by other local authorities but educated in your area?

Not at all  Not well  Well  Very well  Not applicable

- iv. How does your **in-year admission** system serve the interests of previously looked after children?

Not at all  Not well  Well  Very well  Not applicable

v. If you wish, please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for looked after and previously looked after children: City of York School Admissions Team prioritises all looked after and previously looked after children swiftly. This is applicable to both children in the care of York and children from other local authorities placed in York. The virtual school headteacher is involved in discussion with the team and with schools to ensure there is no delay in allocating a school place. Appeals processes have very rarely been used as these have not been necessary. The virtual school headteacher has found that working with other local authorities to find places for looked after children from York can be extremely challenging with some local authorities advising that appeals are the only way that academy schools will agree to go over PAN where applicable to offer places to looked after children. On occasion it has taken well over the 20 working days to secure school places.

**B. Children with special educational needs and/or disabilities**

- i. How well served are children with special educational needs and/or disabilities who have an education, health and care plan that names a school when they need to be **admitted in-year**?

Not at all well  Not well  Well  Very well  Not applicable

- ii. How well served are children with special educational needs and/or disabilities who do not have an education, health and care plan when they need to be **admitted in-year**?

Not at all well  Not well  Well  Very well  Do not know

iii. Please give examples of any good or poor practice or difficulties which support or exemplify your answers about **in-year admissions** for children with special educational needs and/or disabilities:

Fair Access meetings provide timely placements for children with SEMH.

All children with an EHCP have an educational offer named in their plan.

### **C. Fair access protocol**

i. Do you have a fair access protocol agreed with the majority of state-funded mainstream schools in your area?

Yes for primary

Yes for secondary

ii. If you have not been able to tick both boxes above, please explain why:

iii. How many children were admitted to schools in your area under the fair access protocol between 1 August 2022 and 31 July 2023?

Type of school	Number of Primary aged children admitted	Number of Secondary aged children admitted
Community and voluntary controlled	45	36
Foundation, voluntary aided and academies	79	127
Total	124	153

iv. If you have seen a change in the number of children referred to your Fair Access Protocol between 1 August 2022 and 31 July 2023 compared to the previous academic year please indicate what you consider the key reasons for this change to be?

There is a significant increase in pupil numbers as a result of a Contingency Hotel opening in the city in December 2022. Allocations for the hotel are made through the FAM based on the children meeting the FAM criteria and also the significant number of children placed in the hotel.

v. How well do you consider children referred to the fair access protocol are served in in your area?

Not at all well  Not well  Well  Very well  Not applicable

vi. Please provide any comments you wish on the protocol not covered above:

### **D. Directions**

How many directions did the local authority make between 1 August 2022 and 31 July 2023 to maintained schools for which the local authority is not the admission authority to admit children (including children looked after by the local authority but resident in another area)?

Total number of children	Of which, looked after	Of which, not looked after
0		

### **E. Other points on in-year admissions**

- i. For the schools for which the local authority co-ordinates in-year applications, in the year between 1 Aug 2022 and 31 July 2023 did you receive
- Significantly fewer applications than last year
  - slightly fewer applications than last year
  - about the same
  - slightly more than last year
  - significantly more than last year
- ii. For what proportion of schools in your area did the local authority co-ordinate in-year admissions during the 2022/2023 academic year
- None
  - All
  - Some but less than or equal to half
  - More than half but less than all

iii. If you wish, please provide any comments about how **well in-year admissions** works for children who are **not** looked after or previously looked after and/or do not have SEND:

Due to the increase in application and also pupil pressures, we have had to use Section B of our FAP within this academic year to provide schools places for children without a current offer in the city.

iv. If you wish, please provide any other comments on the admission of children **in-year** not previously raised (you may wish to include here any comments about cases where it has not proved possible to find places for children):

### **Section 3 - Other matters**

Are there any other matters that the local authority would like to raise that have not been covered by the questions above?

In-year migration this year, due in part to the migration from Hong Kong and refugees/asylum seekers into York, has provided some challenges this year. Although there is surplus capacity across the city, in-year applications have put pressure on some year group places in areas of the city. This has been particularly difficult where the capacity appears to show a surplus but organisation of classes within schools means class sizes have been set for the year. With financial pressures, schools are also reluctant to set class sizes with extra capacity for inward migration which cannot be forecast.

## **Section 4 - Feedback**

We would be grateful if you could provide any feedback on completing this report to inform our practice for 2024.

Thank you for completing this template.

Please return to [Office of the Schools Adjudicator](#) by 31 October 2023
