Introduction and guidance on completing the report

1, Section 88P of the School Standards and Framework Act 1998 (the Act) requires every local authority to make an annual report to the adjudicator. The Chief Adjudicator then includes a summary of these reports in her annual report to the Secretary for State for Education. The School Admissions Code (the Code) sets out the requirements for reports by local authorities in paragraph 6. Paragraph 3.23 specifies what must be included as a minimum in the report to the adjudicator and makes provision for the local authority to include any other matters.

2. This template requests the same information as that set out in the revised template we sent on 15 April 2020:

- a) information about how admission arrangements in the local authority serve the interests of looked after children and previously looked after children, children with disabilities and children with special educational needs, including any details of where problems have arisen;
- b) an assessment of the effectiveness of Fair Access Protocols and co-ordination in their area, including how many children were admitted to each school under them.

3. We should be grateful if local authorities would follow the approach used in statutory provisions and in the Department for Education Statistical First Release¹ and the Education Middle School (England) Regulations 2002².

4. In the template last year we did not ask about the determination of admission arrangements because of continued constraints on local authorities. Again, we have not asked for that information this year, but we intend to return to this area in future years given the importance of determination and checking compliance of all admission authorities. It is a key role for the local authority's leadership to encourage schools to determine arrangements in line with the provisions in the Code.

5. We welcome all comments that local authorities make in the comment boxes and we aim to reflect those comments in the Annual Report, but we ask for the comments to be entered under the right headings. Section 3 invites comment on any other matters not specifically addressed in this template if local authorities wish to do so. The views expressed in previous years also remain a matter of public record.

6. We ask that where possible, you return the template in Word instead of PDF formatting. A number of you have commented on the formatting of the template and we have tried to make it as accessible as possible, but we are aware that some local authorities use different versions of Word.

7. The report **must** be returned to the Office of the Schools Adjudicator by **30 June 2021**.

Information requested

Section 1 - Normal point of admission

A. Co-ordination

i. How well did co-ordination of the main admissions round work?	Not well	A large number of small problems or a major problem	Well with few small problems	Very well
Reception				X
Year 7				X
Other relevant years of entry				X

ii. Please give examples to illustrate your answer if you wish:

The coordinated admissions works well with all schools and also with all MATs, we have open lines of communication and are able to rank applications in line with each schools admission policy and over subscription policy.

B. Looked after and previously looked after children

i. How well does the admissions system in your local authority area serve the interests of looked after children at **normal points of admission**?

Not at all Not well Well Very well Not applicable³

ii. How well do the admissions systems in other local authority areas serve the interests of children looked after by your local authority at **normal points of admission**?

Not at all Not well Well Very well Not applicable³

- v. Priority in admission arrangements for 2022 for adopted children previously in care abroad. Please comment on the use of a priority in admission arrangements for a child adopted who was previously in care abroad if you wish:

We have contributed to consultations with the DfE regarding arrangements for 2022 for adopted children previously in care abroad and will include these children within our LAC/PLAC pupils going forward.

- vi. If you wish, please give any examples of any good or poor practice or difficulties which exemplify your answers about the admission to schools of looked after and previously looked after children at **normal points of admission**:

We work closely with the Virtual Head and Children's Services to identify the pupils with LAC/PLAC criteria and to identify which school best meets the needs of each child.

C. Special educational needs and/or disabilities

Please provide any comments you wish to make on the admission of children with special educational needs and/or disabilities at normal points of admission:

We work well with our SEN team to provide schools places for pupils with SEN needs both in mainstream and specialist schools. This will be improved and streamlined with the implementation of internal processes and IT recording systems.

Section 2 - In-year⁴ admissions

A. Co-ordination of in-year admissions

⁴ By 'in-year' we mean admission at the start of any school year which is not a normal point of entry for the school concerned (for example at the beginning of Year 2 for a five to eleven primary school) and admission during the course of any school year after the end of the statutory waiting list period (31 December) in normal years of admission.

Please provide any comments on the co-ordination of **in-year admissions** if you wish:

We have established a transparent, consistent and fair admission process to our in year admissions in line with the Admission Code and each school's admission policy. We have positive relationships with all schools and MATs who work with us to admit pupils where possible and offer alternative places where and when necessary.

B. Looked after children and previously looked after children
