

## Amendments to school catchment areas

York Central proposed amendments to catchments for:

- Poppleton Road Primary School
- Scarcroft Primary School
- St Pauls Church of England Primary School
- St Barnabas Church of England Primary School

This map highlights the area for the site of York Central. It currently contains railway tracks and industrial buildings. It is proposed that the railway lines are removed from St Barnabas' CE Primary School catchment and some industrial buildings are removed from Scarcroft Primary School's catchment and are added to St Paul's CE Primary School's catchment and to Poppleton Road Primary School's catchment.
