STANDARD TERMS AND CONDITIONS RELATING TO USAGE OF CRANES ON THE HIGHWAY

1. No work may commence on the public highway without a duly authorised permit.
2. The vehicle/plant must comply with the guidelines issued with the permit application form.
3. Any variation to the terms and conditions must be approved by the City of York Council Network Management section before the permit is issued and any approved variation must be shown on the permit.
4. Requests for relaxation or variation of the terms and conditions must be made at least five working days before the licence is required.
5. City of York Council neither makes nor implies any offer to comply with any requests for relaxation or variation to the terms and conditions of the permit.
6. The licensee must inform the Network Management section of any requirement stipulated by any statutory authority which may require a breach of conditions of the permit, and shall comply with any variation to the permit required by Highways and Street Operations section.
7. A temporary walkway for pedestrians of at least 1200mm in width is to be provided and maintained at all times.
8. Users of the highway must be protected from falling debris, dust and other pollutants in accordance with the guidelines.
9. The vehicle/plant must be signed, guarded and illuminated in accordance with the guidelines and any additional special conditions.
10. Such traffic signs as are necessary must be erected prior to commencement of works and maintained at all times in accordance with the guidelines and any other publication that is referenced.
11. Any vehicle/plant considered a danger to the public, or causing damage to the highway or causing a greater obstruction than is approved in the permit, the permit holder shall, on the instruction of the City of York Council, a police officer or the written instruction of the highway authority, forthwith remove the vehicle/plant.
11. The Licensee is responsible for all reinstatement/damage works as decided upon following a dilapidation survey.
13. The Licensee is responsible for the repair of any damage to the highway however caused by the vehicle/ plant. If the City of York Council has to repair the highway as a result of damage caused by the vehicle/plant they will recover costs from the Licensee.
14. The Licensee must indemnify the City of York Council against all claims, costs, charges or actions, which arise out of working with the vehicle/plant on the highway.
15. The Licensee must provide a copy of the licence to the hire company (if applicable) for their records.
