Exhibition Suppliers

Native Chartered Architects

www.nativearchitects.com

A RIBA Chartered Practice with expertise across retrofitting buildings and in low carbon technologies. We specialise in delivering beautiful, well designed, low environmental cost, sustainable building using bio based materials.

Logic Contract Services

www.logiccontractservices.co.uk

Specialising in industrial heat pump and LED installations, as well as offering a wide range of services within the construction industry.

Green Building Store

www.greenbuildingstore.co.uk

Offering products and support for energy efficient homes and buildings, including triple glazed timber and alu-clad windows and doors, advanced MVHR heat recovery ventilation, specialist airtightness & insulation products, consultancy and building services.

Daikin

www.daikin.co.uk

Low carbon heating manufacturer of Air Source Heat Pumps, providing support to households, landlords and businesses to help reduce carbon emissions and energy bills.

Green Jumper Charity

www.greenjumperday.com

Raising awareness around climate change. Educating the next generation. Planting trees. And raising money to do these things.

Novaloo Ltd

www.novaloo.com

Providing low water toilets for commercial premises. We fit the unique 1.5L Propelair toilet to help companies save water, energy, money and carbon.

Energy Oasis

www.energyoasis.org.uk

Providing intelligent zero carbon solutions to achieve zero or net-zero carbon emissions for your energy requirements.

Constructive Individuals

www.constructiveindividuals.co.uk

Phil Bixby: Architect and Certified Passivhaus Designer and Public Engagement and Consultancy.

Social Energy

www.social.energy

The smart energy provider working across sectors to effectively reduce carbon emissions and make renewables more profitable.

York Community Energy

www.yorkcommunityenergy.org.uk

A climate-focused social enterprise helping local householders to super-insulate their homes, and also looking to install community-owned renewable energy in York.

Passiv UK

www.passivuk.com

Providing smart renewable energy home management and monitoring systems, paving the way to net carbon zero targets for the domestic property market.

Viessmann

www.viessmann.co.uk

All Viessmann heating systems and other products are designed with the future in mind. They integrate seamlessly with renewable and alternative energy sources.

Kensa Engineering

www.kensaheatpumps.com

The UK's only dedicated delivery partner and contractor of large-scale Ground Source Heat pumps installations, with a direct supply from sister brand Kensa Heat Pumps.

Novalux LED Ltd

www.novaluxled.lighting

York based Commercial lighting company helping companies to save energy, water, money and carbon by auditing, designing, supplying and installing low energy carbon efficient LED lighting.
