As the proposed Plan only covers a finite number of years and future editions are likely to make further amendments to Green Belt boundaries to permit further developments, it seems odd to require one of the few wholly new settlements to install boundary features that would preclude further extension of the settlement. Indeed, earlier drafts of the plan envisaged such further extension at this site via inclusion of adjacent "safeguarded" land (removed from the greenbelt but not allocated for development during the plan).

Paragraphs 3.98a and 3.98b seem somewhat repetitive, particularly with regard to boundary mitigation/treatment along the A64. Has this policy change been thoroughly proof-read??

New paragraph seems poorly worded/structured - despite the rationale being "to provide clarity".

How come Figure 5.2 for density zones has been replaced/updated but the following Figure 5.3 for high frequency public transport corridors has not - despite dating from 2014? That's almost 10 years ago now! Surely this ought to also be updated to reflect a more recent picture of public transport in the city (accepting that "covid" impacts and recent government interventions around bus subsidies are still in flux).

Q22

Do you support or object to the proposed modification(s)?

Object

Q23

If you object, please select your reason from the list below (select all that apply):

Not positively prepared - i.e. strategy will not meet development needs

Not justified - i.e. there is no evidence to justify the modification

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

How does deletion of the "artificial subdivision" section of the explanation interact with the addition of the "obviously linked" clause in the actual policy (MM5.21)? It strikes me that artificial subdivision is likely to be one of the key reasons for including the additional clause in the policy, so why remove it from the explanation? Having the wording in the explanation gives weight to the policy and avoids doubt if that clause is ever used to challenge a developer.

What happens when a development site policy or granted planning permission sees a need for additional healthcare services but the respective service (e.g. NHS or other) declines to deliver/co-fund those services? E.g. recent concerns around Lowfield Green and Bishopthorpe. <https://yorkmix.com/concern-as-york-health-hub-is-scrapped-as-residents-wait-eight-weeks-to-see-a-gp/> <https://www.yorklibdems.org.uk/news/article/only-bishopthorpe-gp-practice-at-risk-of-closure>

Does the York Hospital site have sufficient space to redevelop and/or expand to meet the needs of York as a growing city? There was speculation last year that any development might ideally be on an entirely different site!

New version of Figure 7.1 does not have a clear distinction between Campus East and Campus West - which is surely an important detail given the separate policies relevant to each site??

Revised wording would be clearer if "will be refused" comes before the bullet points rather than tagged onto the end of the final bullet.

The policy map as shown in PMM24 shows the Existing Openspace at Huntington Stadium has not been corrected to reflect the redevelopment of the stadium site. The pitch is now in a slightly different location than before, and as it is now surrounded on all four sides by stands does it really count as open space??

Q22

Do you support or object to the proposed modification(s)?

Object

Q23

If you object, please select your reason from the list below (select all that apply):

Not positively prepared - i.e. strategy will not meet development needs

Not justified - i.e. there is no evidence to justify the modification

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

Will not 'conserve and enhance the environment' or York's historic character and will encourage car travel rather than walking or cycling by the river.
