Not effective - i.e. it won't work

Q24

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

Paragraph 8.31 has introduced changed wording, namely: "up to 95% of the most important deposits remain preserved in situ". The inclusion of "up to" is inconsistent with the aims of the policy which is to avoid destroying more than 5% of archaeological deposits. The two words introduce uncertainty and render the explanation (and the policy) ineffective. No evidence or justification has been proved to explain why "up to" [95%] has been included.
