**Q22**

Do you support or object to the proposed modification(s)?

Object

**Q23**

If you object, please select your reason from the list below (select all that apply):

---

Not positively prepared - i.e. strategy will not meet development needs

---

Not justified - i.e. there is no evidence to justify the modification

---

Not consistent with national policy - i.e. doesn't comply with the law

**Q24**

Please set out the reasoning behind your support or objection: Please note there is a 1000 character limit, therefore if your reason for support or objection is longer than this, please summarise the main issues raised.

---

I am concerned that re-designating this land for potential development may contribute to increasing flood risk in this area. I'm also concerned that the green belt should be preserved in this area of natural beauty close to the River Ouse which is used regularly by local residents for rest and relaxation and which contributed to preserving the special character of York as an historic town.
