Hi

I was looking for the email from your colleague re. local plan and gypsy and traveller provision. I can't see the email, are you able to re-send it in case I've deleted in error? As we have YTT coming to the hostel to meet us today it would be very useful to know the official line so I don't make any embarrassing mistakes in what I tell them.

In fact if you are able to give me a brief overview of what's actually proposed re G&Ts that would also be really helpful – to date pretty much all the info I have is from YTT, as I've not directly been sent anything by anyone in planning, and the only meeting I've been invited to on the subject was last week on my non-working day. It would be great to know what's being planned and any consultation with gypsy's or travellers as I imagine it's something we may be asked about. I can just refer all those questions back to you if you prefer, but it would be great for me to have an understanding of what the CYC position is on any of this stuff

Thanks

Lou
